

How Many Ways?

Goal: Represent a number many different ways

You will need:

- A pair of dice
- Objects to represent your number such as:
 - Shells, stones, leaves, or seeds
 - Chalk and chalkboard
 - Abacus
 - Play dough
 - Dominoes

What to do:

- Roll one or two dice.
- The number you roll is the number you will represent.
- Represent the number you rolled many different ways.

How many ways
can you make 3?
