

Omu's Town

Goal: Make a collage of Omu's town and visitors.

You will need:

- Construction paper
- Scissors
- Color pencils or markers

What to do:

- Use an open space such as a table or the floor.
- Cut shapes out of construction paper.
- Create different scenes from Omu's apartment and town. Design your scenes by rearranging the shapes.

To think about:

- Create Omu's apartment and her building. What shapes will you use? How many of each shape?
- Create the hot-dog stand. What shapes will you use? How many of each shape?
- Create the scene showing where the mayor was when he smelled Omu's delicious think red stew.
- What other scenes can you create to show where the delicious smell of Omu's stew traveled? How can you show the distance the smell traveled?

Alternate ways:

- Use pattern blocks to create the scenes.
- Draw the scenes with colored pencils, markers, or crayons.
