

Frogs Are Best Challenge

Inspired by *A Frog in the Bog* by Karma Wilson

This is a game for two people.

Goal: To compare number values.

You will need:

- Five or more sets of Swamp Cards
- Five or more sets of Number Cards

What to do:

- One player gets a stack with all of the Swamp Cards. The other player gets a stack with all of the Number Cards.
- Each player draws one card at a time from their own stack of cards and places their card face side up.
- Players compare the two cards. Whoever has the card with greatest value keeps both cards.
- If the cards have the same value, each player keeps their own card.
- Continue until there are no more cards in the stack.
- Count to see who got the most cards.
