

Swamp Match

Inspired by *A Frog in the Bog* by Karma Wilson

This is a game for one or two people.

Goal: Match a number with its corresponding number of objects.

You will need:

- A deck of Swamp Cards
- A deck of Number Cards

What to do:

- Put the Number Cards face down in a pile.
- Put all of the Swamp Cards face up on a table so everyone can see them.
- If playing alone, turn over a Number Card and find a Swamp Card that has the same number of animals. When a match is found put the Number Card and the Swamp Card together and put them aside. Keep playing until you have matched all of the cards.
- If playing with a partner, take turns turning over a Number Card and finding the matching Swamp Card. Play until all of the cards have been matched.
